DISCOVER THE GARAGA DIFFERENCE

The Garaga difference lies in the meticulous attention to even the smallest detail. From design to final construction, every detail is thoroughly thought out. Be it materials, finishes, construction, style, air tightness, durability, rollers, hinges and much more, nothing is left to chance.

At Garaga, every door is custom built to suit each client's individual needs and specific requirements.

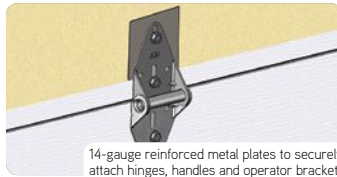

THERMALLY EFFICIENT

Built to withstand the extreme rigours of the Canadian climate, we've integrated the most energy efficient components to protect you from the wind and the cold during winter, and keep you cool during summer.

RUGGED AND DURABLE

Intelligent and functional design solutions coupled with superior quality materials and a certified installation network make your Garaga door system a solid investment for years to come.

REFINED DESIGN

Developed by a team of specialized designers, every one of our models is detail-oriented, reflecting an authentic and specific style designed to match your home's distinct architecture, up close and at a distance.
